

Reading at home during the school closure

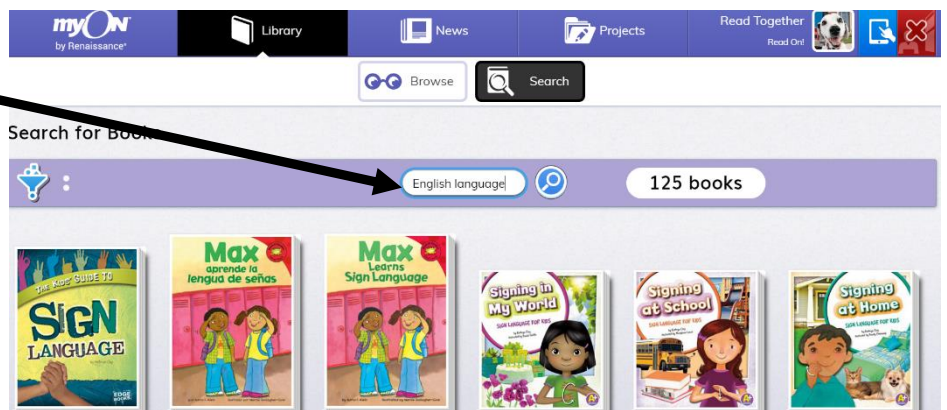

We know how much the children in Cranford Park enjoy reading and how enthusiastic they have become with their reading and would love to see this continue during the school closure. At school, we use Accelerated Reader to monitor children's reading and their progress with reading. We feel this is making such a massive difference to all children's reading so it is great news that we are able to give you access to this resource at home during this time. It means your child is able to continue to read books which are at the appropriate level for them and the teachers will still be able to monitor their progress as they choose and take quizzes.

Children can still be reading texts which are within their ZPD, every child should have this. There are two ways which you can do this from home. The first is by going to <https://www.arbookfind.co.uk/>. On this website you can check any book which your child is reading or that you have at home to see what the Book Level is.

The screenshot shows the Renaissance Accelerated Reader Bookfinder website. A search bar contains the text 'using batteries'. Below the search bar, the search results for the book 'Using Batteries' are displayed. The book is by Oxlade, Chris, with ISBN No. 222102 EN Non-fiction. The search results show the book's level as 'LY - BL: 4.6 - AR Pts: 0.5' and a rating of four stars. A callout box on the left explains that 'BL stands for Book Level as long as this number comes within your child's ZPD it is appropriate for your child.' Another callout box points to the search bar with the text 'Search any book here.'

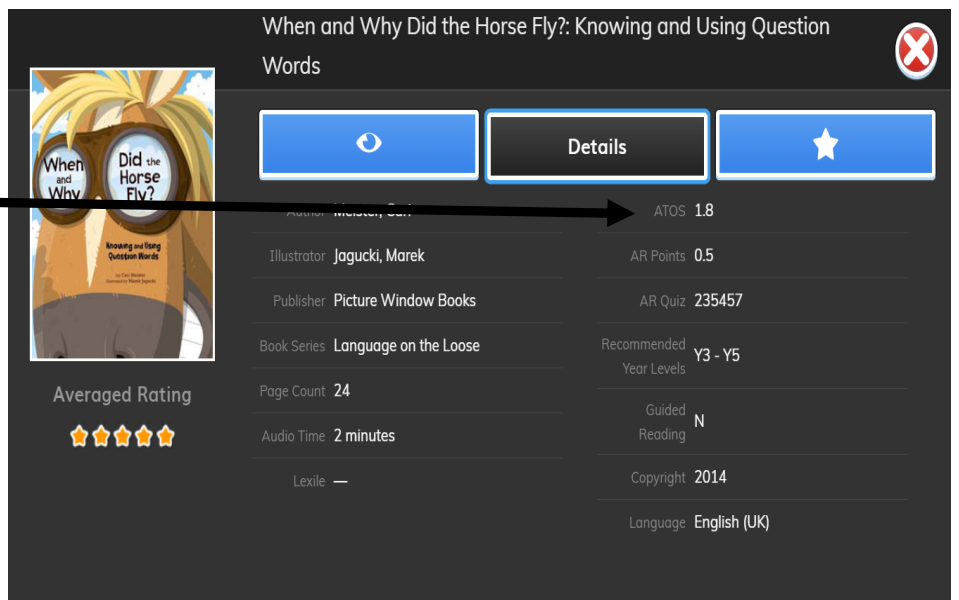

The second is by going to <https://readon.myon.co.uk/library/search.html> this website has a wide range of books which can be read on screen and also with an audio option for less confident readers.

You will need to search English language as these are books which definitely have quizzes on our Accelerated Reader site.

When you hover over a book you will be given the option for Info click on this to check the Book Level.

ATOS shows the book level on this site.

To then take a quiz at home they will need to go to <https://ukhosted91.renlearn.co.uk/6710444/> children should have their own log in details to get onto this website and should be familiar with how to take quizzes. Children will only be able to take quizzes during school hours, 8:30-3:30.

We look forward to see how your children get on with their reading. Thank you very much for your support.
