

Nursery

Children working from home - Nursery

In light of the most recent guidelines given by the government stating children with symptoms and their families have to self-isolate and stay at home for two weeks, please see below some ideas to help your children at home.

Grab a pencil and piece of paper and practise the below objectives:

Maths:

- Count up to 10 objects and practise writing the total numeral.
- Practise ordering the numbers from 1-10
- Shape hunt- find 2D shapes around your home (square, circle, rectangle, triangle) and see if you can name the different feature e.g. sides/corners.
- Count a number of objects up to 10 and ask children to show you the number on their fingers.
- Clap or jump a number of times asking your child to show on their fingers the number and ask them to clap or jump the same number of times.
- Name the colours of the pens, toys and clothes they are wearing.

Reading:

Read your current reading book and any extra books you have at home. We also have access to oxford owl reading books online. Please find the log in and password below.

Password: **Cranford**

Writing

Support your child with their writing at home.

Below are some writing ideas.

- Practice writing their names – only the first letter should be a capital letter.
- Write the names of their friends, brothers and sisters.
- Draw pictures of their family and label the pictures.
- Practice drawing patterns e.g. zig zags, wavy and curved lines.
- Draw simple shapes and label them.

P.E

Keep as active as you possibly can. If you have access to a garden, go outside and play games, run around and get as much fresh air as you possibly can. Through youtube.co.uk there are videos created by a sports coach which the children are used to seeing at school. Please use these to keep your children active and moving when at home.

www.youtube.co.uk - search for 'Joe wicks kids workouts.'
