 pollen petal head

Plants and Growth

A grid of 18 illustrations related to plants and growth, including: flower, leaves, fruit, roots, bean, seeds, sun, watering can, grow, rain, pollen, leaf, vegetables, stem, soil, and water. A Twinkl logo is at the bottom.

Parts of a Plant

A detailed diagram of a sunflower with labels and descriptions for its parts:

- flower**: The flower makes seeds for the plant.
- leaves**: Leaves make food for the plant. They take in carbon dioxide and release oxygen into the air.
- stem**: The stem supports the plant. It contains thin tubes for carrying food, minerals, and water through the plant.
- roots**: The roots soak up water and minerals. They also store food for the plant.
