

## How do we promote Equality through the Curriculum?

- We use materials that reflect a range of cultural backgrounds, without stereotyping
- We promote attitudes and values that will challenge discriminatory behaviour
- We provide opportunities for pupils to appreciate their own culture and religions and celebrate the diversity of other cultures
- We develop pupils advocacy skills so that they can detect bias, challenge discrimination, leading to justice and equality
- We ensure that the PSHE curriculum covers issues of equality, diversity, religion, human rights and inclusion

## Decolonising the Curriculum

We have been working with subject leads and teams to review the topics being taught in each year group by considering the following questions:

- Who is teaching it?
- What is being taught?
- How is it being taught?

We challenge ourselves to question the viewpoint the information is coming from and ensure we are not hearing or only representing a single story.
