

# CPA NURSERY NEWSLETTER

OCTOBER 2024

## WELCOME TO THE NURSERY

We are thrilled to welcome you and your little ones to our nursery! This is an exciting time as your child embarks on their early educational journey, and we are here to support both you and your child every step of the way.

Starting nursery is a significant transition, and it's completely natural to have questions or concerns. Our dedicated staff are here to ensure that this process is as smooth as possible for everyone involved. Please feel free to reach out to us if you have any queries or if there is anything you would like us to know about your child that will help them settle in more comfortably.

Building a strong, positive relationship with you is very important to us. We encourage open communication, and we welcome any feedback or insights you may wish to share. We believe that working together will create the best experience for your child, fostering a nurturing and stimulating environment where they can thrive.

As we embark on an exciting new term, we wanted to share with you the themes we will be focusing on: food, shapes, and patterns. These topics will not only inspire curiosity but will also provide a wonderful opportunity for your children to explore and learn through play.

To support your child's learning at home, we have created knowledge organisers that outline our key learning objectives. These organisers will be sent home and are designed to promote conversation and encourage you to engage your child in meaningful, relevant experiences outside of the classroom.

Thank you for choosing our nursery. We are looking forward to getting to know you and your child and making this journey a wonderful experience.

### THE OUTDOOR LEARNING GARDEN

Due to health and safety, please do not let your child use or play on any of the Nursery equipment before or after the sessions. This includes the bikes and the large climbing frame. The activities are set up specifically for your child's learning for the sessions
